

LOGISTIK TRANSPORT

Scandinavia's leading exhibition and conference
for logistics and transport solutions

5-6 NOV, SWEDISH EXHIBITION & CONGRESS CENTRE, GOTHENBURG

Focus areas

We take a miss-nothing approach to the entire logistics and transport flow, with special focus on future trends and digitisation in the supply chain. Digitisation, robotisation, materials handling, traditional commerce & e-commerce, and intermodal transport will also be under the spotlight.

In line with the above, we make every effort to increase our awareness and understanding of the challenges and opportunities these present to the industry. And in order to ensure industry-specific content throughout the whole event, we cultivate our ongoing, close working relationships with our partners and continue to create more alliances with interesting organisations, research institutes, faculties of higher education and various other partners.

Experience our all-in-one complex

People who know us know that the Swedish Exhibition & Congress Centre and Gothia Towers offer a total experience. Our city-centre complex is not just a place to work and generate business. It is also a place where you and your colleagues can eat, relax and enjoy a good night's sleep at Gothia Towers or Upper House after a good day's work. You can even enjoy a well-deserved dip in our outdoor pool, 55 metres above street-level.

And when it comes to eating, you will truly be spoiled for choice with our astonishing selection of unique venues and themed menus, from Heaven 23 with its panoramic view of Gothenburg

(the shrimp sandwiches are also justly famous); our Italian pearl – Ristoria; West Coast – our modern bistro, to Twentyfourseven – our own "living room"; and Upper House Dining for elegant meals among the clouds.

We look forward to seeing you at the Swedish Exhibition & Congress Centre and Gothia Towers!

P.S. As exhibitors, you and your colleagues will be able to take advantage of a range of **SPECIAL OFFERS AT OUR COMPLEX.**
